

## Commits

Author	Date	Commit	Message
a.shewring@gmail.com	Dec 29, 2011	892	Removed redundant feature projects
a.shewring@gmail.com	Dec 29, 2011	891	Rearrangement of features
a.shewring@gmail.com	Dec 28, 2011	890	Merged sbt-build branch into trunk (using svn merge --reintegrate https://gmodel
a.shewring@gmail.com	Dec 28, 2011	889	Added missing features to category.xml
a.shewring@gmail.com	Dec 27, 2011	888	Added feature projects to the build
a.shewring@gmail.com	Dec 27, 2011	887	svn:ignores
a.shewring@gmail.com	Dec 27, 2011	886	Fixed up pom.xml
a.shewring@gmail.com	Dec 27, 2011	885	svn:ignores
a.shewring@gmail.com	Dec 27, 2011	884	Added feature projects
a.shewring@gmail.com	Dec 27, 2011	883	Included new feature projects
a.shewring@gmail.com	Dec 27, 2011	882	svn:ignores

a.shewring@gmail.com	Dec 27, 2011	881	Adding feature projects
a.shewring@gmail.com	Dec 27, 2011	880	Adding feature projects
a.shewring@gmail.com	Dec 27, 2011	879	svn:ignores
a.shewring@gmail.com	Dec 27, 2011	878	Hooked up new feature projects
a.shewring@gmail.com	Dec 27, 2011	877	Added necessary files to feature project
a.shewring@gmail.com	Dec 27, 2011	876	
a.shewring@gmail.com	Dec 27, 2011	875	Removed redundant readme
a.shewring@gmail.com	Dec 27, 2011	874	Quoting the value of a bash variable
a.shewring@gmail.com	Dec 27, 2011	873	Updated Hudson information. Added SBT script.
a.shewring@gmail.com	Dec 27, 2011	872	Hudson information
a.shewring@gmail.com	Dec 27, 2011	871	Corrected startup script
a.shewring@gmail.com	Dec 27, 2011	870	Added a script to be run by Hudson
a.shewring@gmail.com	Dec 27, 2011	869	Fixed up the p2 repository (which contained corrupted jars)

a.shewring@gmail.com	Dec 22, 2011	868	Updated p2 repository jars
a.shewring@gmail.com	Dec 22, 2011	867	Readability improvement
a.shewring@gmail.com	Dec 22, 2011	866	Fixed packaging (compiled classes were not being included...)
a.shewring@gmail.com	Dec 22, 2011	865	Further progress with Maven build
a.shewring@gmail.com	Dec 22, 2011	864	Corrected manifests. Included further projects in the SBT build.
a.shewring@gmail.com	Dec 22, 2011	863	Progress with getting Maven Tycho build to work
a.shewring@gmail.com	Dec 22, 2011	862	Corrected settings
a.shewring@gmail.com	Dec 21, 2011	861	Rearranged project structure
a.shewring@gmail.com	Dec 21, 2011	860	Reorganisation of settings related to packaging
a.shewring@gmail.com	Dec 20, 2011	859	svn:ignore
a.shewring@gmail.com	Dec 20, 2011	858	Added Eclipse projects to the build
a.shewring@gmail.com	Dec 20, 2011	857	Added Eclipse projects to the build

a.shewring@gmail.com	Dec 20, 2011	856	Added hibernateosgi bundle to p2 repository. Fixed manifests so that Maven build
a.shewring@gmail.com	Dec 20, 2011	855	Removed manifest-related setting from main settings sequence (so that it is NOT
a.shewring@gmail.com	Dec 20, 2011	854	Embedded jars are now properly included in the resulting jar for the hibernateos
a.shewring@gmail.com	Dec 20, 2011	853	Progress with correctly packaging jar for hibernateosgi project
a.shewring@gmail.com	Dec 19, 2011	852	Comments
a.shewring@gmail.com	Dec 18, 2011	851	All existing manifest entries are now included in resulting jar manifests during
a.shewring@gmail.com	Dec 18, 2011	850	Working approach for including all existing manifest entries in the resulting ja
a.shewring@gmail.com	Dec 18, 2011	849	Proof of concept for reading manifest entries
a.shewring@gmail.com	Dec 18, 2011	848	Removed duplication of version in 'manifest enrichment' logic
a.shewring@gmail.com	Dec 18, 2011	847	Added SBT launch jar (so that later an appropriate Hudson/Jenkins build can be c
a.shewring@gmail.com	Dec 18, 2011	846	Removed unnecessary features. Removed old update site.

a.shewring@gmail.com	Dec 18, 2011	845	Tidied up pom.xml Using version 0.13.0 of Maven Tycho plugins now.
a.shewring@gmail.com	Dec 18, 2011	844	Now using p2 update site instead of "normal" update site. This means that all de
a.shewring@gmail.com	Dec 18, 2011	843	Added documentation to site.xml
a.shewring@gmail.com	Dec 18, 2011	842	Added kernel feature
a.shewring@gmail.com	Dec 18, 2011	841	svn:ignore
a.shewring@gmail.com	Dec 18, 2011	840	Added p2 update site
a.shewring@gmail.com	Dec 17, 2011	839	Included update site in the build
a.shewring@gmail.com	Dec 17, 2011	838	Created README
a.shewring@gmail.com	Dec 17, 2011	837	Using the latest version of the gmodel kernel to create the p2 repository locall
a.shewring@gmail.com	Dec 17, 2011	836	Incorporated org.gmodel.openarchitectureware.tests into the build
a.shewring@gmail.com	Dec 17, 2011	835	More generic manifest-enhancement method
a.shewring@gmail.com	Dec 17, 2011	834	Tidied up manifest 'enhancement'

a.shewring@gmail.com	Dec 17, 2011	833	svn:ignore
a.shewring@gmail.com	Dec 17, 2011	832	Added local p2 repository
a.shewring@gmail.com	Dec 17, 2011	831	svn:ignore
a.shewring@gmail.com	Dec 11, 2011	830	Upgraded to latest release version of Maven Tycho (0.13.0)
a.shewring@gmail.com	Dec 11, 2011	829	Some tidying up
a.shewring@gmail.com	Dec 11, 2011	828	Kernel jar now has additional attributes in its MANIFEST.MF
a.shewring@gmail.com	Dec 11, 2011	827	Upgraded to SBT 0.11.2. Progress with manipulating the MANIFEST.MF which appears
a.shewring@gmail.com	Dec 11, 2011	826	Added bundle version to manifest imports. Adjusted parent pom so we build a mini
a.shewring@gmail.com	Dec 10, 2011	825	Added artefacts originally generated by sbt-tycho build
a.shewring@gmail.com	Dec 10, 2011	824	Added root pom.xml
a.shewring@gmail.com	Dec 10, 2011	823	Added pom.xml files for Maven Tycho build
a.shewring@gmail.com	Dec 8, 2011	822	Added publishing details

a.shewring@gmail.com	Dec 8, 2011	821	Added last test project
a.shewring@gmail.com	Dec 7, 2011	820	Web application project now builds again
a.shewring@gmail.com	Dec 7, 2011	819	JUnit tests now run successfully
a.shewring@gmail.com	Dec 7, 2011	818	Tests now get executed but the following stack trace results, which might indica
a.shewring@gmail.com	Dec 7, 2011	817	Added plugin
a.shewring@gmail.com	Dec 7, 2011	816	Progress with getting JUnit tests to run. Need to restore xsbt-web-plugin functi
a.shewring@gmail.com	Dec 6, 2011	815	Merged trunk
a.shewring@gmail.com	Dec 6, 2011	814	Added note - progress with configuring embedded Jetty appropriately
a.shewring@gmail.com	Dec 6, 2011	813	Fixed build.properties and adjusted SBT settings
a.shewring@gmail.com	Dec 6, 2011	812	svn:ignore
jorn.bettin	Nov 30, 2011	811	work in progress on semantics
a.shewring@gmail.com	Nov 29, 2011	810	Moved files around

a.shewring@gmail.com	Nov 29, 2011	809	
a.shewring@gmail.com	Nov 29, 2011	808	Moved configuration file to src/main/resources
a.shewring@gmail.com	Nov 29, 2011	807	Fixed classpath
a.shewring@gmail.com	Nov 29, 2011	806	Removed org directory
a.shewring@gmail.com	Nov 29, 2011	805	
a.shewring@gmail.com	Nov 29, 2011	804	Fixed classpath
a.shewring@gmail.com	Nov 28, 2011	803	Updated documentation
a.shewring@gmail.com	Nov 27, 2011	802	Documentation
a.shewring@gmail.com	Nov 27, 2011	801	Build now runs successfully
a.shewring@gmail.com	Nov 27, 2011	800	Java options
a.shewring@gmail.com	Nov 27, 2011	799	Removed jars (now in "lib" directory)
a.shewring@gmail.com	Nov 27, 2011	798	Moving libs to "lib" directory (adding instead of moving)
a.shewring@gmail.com	Nov 27, 2011	797	Fixing classpath

a.shewring@gmail.com	Nov 27, 2011	796	Progress with an SBT 0.11 build
a.shewring@gmail.com	Nov 27, 2011	795	Fixed build path
a.shewring@gmail.com	Nov 27, 2011	794	Moved directories
a.shewring@gmail.com	Nov 27, 2011	793	New location for WEB-INF directory

a.shewring@gmail.com	Nov 27, 2011	792	Removed WEB-INF directory (will be contained in src/main/webapp)
a.shewring@gmail.com	Nov 27, 2011	791	Corrected project keys
a.shewring@gmail.com	Nov 27, 2011	790	svn:ignore settings
a.shewring@gmail.com	Nov 27, 2011	789	Initial attempt at configuring xsbt-web-plugin to assist in running/deploying th
a.shewring@gmail.com	Nov 27, 2011	788	Deleted old sbt project directory
a.shewring@gmail.com	Nov 27, 2011	787	Removed build scripts

a.shewring@gmail.com	Nov 27, 2011	786	Creating a branch containing SBT build enhancements
a.shewring@gmail.com	Nov 27, 2011	785	Minor improvements
jorn.bettin	Nov 26, 2011	784	added sample event handling code to kernel tests
jorn.bettin	Nov 26, 2011	783	added sample event handling code to kernel tests
a.shewring@gmail.com	Nov 26, 2011	782	Fixed the build. Added a test which is skipped due to the use of the @Ignored annotation
jorn.bettin	Nov 26, 2011	781	added sample event handling code to kernel tests
a.shewring@gmail.com	Nov 26, 2011	780	Issue 12: Tidying up
a.shewring@gmail.com	Nov 26, 2011	779	Issue 12: correct text is now being used in the containment tree
a.shewring@gmail.com	Nov 26, 2011	778	Restored files to revision 659, so that the editor works again locally.
jorn.bettin	Nov 26, 2011	777	fixed up and tested event handling

jorn.bettin	Nov 26, 2011	776	structure in the API
jorn.bettin	Nov 26, 2011	775	structure in the API
jorn.bettin	Nov 25, 2011	774	moved the flavor API package , additional structure in the API, and infrastru
jorn.bettin	Nov 25, 2011	773	improvements in API terminology
jorn.bettin	Nov 25, 2011	772	added concepts to SemanticIdentityRegistry
jorn.bettin	Nov 24, 2011	771	formatting
jorn.bettin	Nov 24, 2011	770	improve consistency of terminology in internal encoding
jorn.bettin	Nov 24, 2011	769	improvement in API terminology
jorn.bettin	Nov 24, 2011	768	improvement in API terminology
jorn.bettin	Nov 24, 2011	767	code cleaning

jorn.bettin	Nov 24, 2011	766	referenced testbench
jorn.bettin	Nov 24, 2011	765	fully reflect symmetries between ordered sets and graphs in the API
jorn.bettin	Nov 24, 2011	764	reflect symmetries between ordered sets and graphs in the API
a.shewring@gmail.com	Nov 24, 2011	763	Fixed Gmodel-GoogleCode-core build
a.shewring@gmail.com	Nov 24, 2011	762	Restored the src directory
a.shewring@gmail.com	Nov 23, 2011	761	SVN:ignore
a.shewring@gmail.com	Nov 23, 2011	760	Removed bin directory
a.shewring@gmail.com	Nov 23, 2011	759	Removed bin directory
a.shewring@gmail.com	Nov 23, 2011	758	Fixed the build
jorn.bettin	Nov 23, 2011	757	performance optimisation of <some set>.semanticIdentity() translations, as well

jorn.bettin	Nov 23, 2011	756	essential kernel tests
jorn.bettin	Nov 23, 2011	755	reenabled default starting point for kernel test sequence. This needs to remain
a.shewring@gmail.com	Nov 23, 2011	754	Fix for Gmodel-GoogleCode-core build failure
a.shewring@gmail.com	Nov 23, 2011	753	Added launch
a.shewring@gmail.com	Nov 23, 2011	752	Deleted org.gmodel.kernel.artifactinstantiation project
jorn.bettin	Nov 23, 2011	751	updated maxCardinality
a.shewring@gmail.com	Nov 23, 2011	750	Merged the contents of org.gmodel.kernel.artifactinstantiation into org.gmodel.k
a.shewring@gmail.com	Nov 22, 2011	749	Issue 31
a.shewring@gmail.com	Nov 22, 2011	748	Further progress on issue 31
a.shewring@gmail.com	Nov 22, 2011	747	static private -> private static

a.shewring@gmail.com	Nov 22, 2011	746	Further progress on issue 31
a.shewring@gmail.com	Nov 22, 2011	745	Issue 31 progress
a.shewring@gmail.com	Nov 22, 2011	744	Issue 31 progress
a.shewring@gmail.com	Nov 22, 2011	743	Readability improvements
a.shewring@gmail.com	Nov 22, 2011	742	static public -> public static
a.shewring@gmail.com	Nov 22, 2011	741	Minor code cleanup
jorn.bettin	Nov 22, 2011	740	making getValue(index) private
jorn.bettin	Nov 22, 2011	739	important fix to OrderedSet implementation and related code changes
a.shewring@gmail.com	Nov 21, 2011	738	Issue 31
jorn.bettin	Nov 21, 2011	737	tests and fixes in in-memory queries

jorn.bettin	Nov 21, 2011	736	minor improvements
jorn.bettin	Nov 21, 2011	735	minor improvements
a.shewring@gmail.com	Nov 21, 2011	734	Fixed test
jorn.bettin	Nov 20, 2011	733	implementation of <code>&lt;something&gt;.isEqualTo(&lt;something else&gt;, equivalenceClass)</code>
jorn.bettin	Nov 20, 2011	732	implementation of <code>&lt;something&gt;.isEqualTo(&lt;something else&gt;, equivalenceClass)</code>
jorn.bettin	Nov 20, 2011	731	renamed operations related to Equivalence Classes
jorn.bettin	Nov 20, 2011	730	renamed Abstract Semantic Role to Equivalence Class. This provides the foundatio
jorn.bettin	Nov 19, 2011	729	rename all operations that result in an ordered set of instances to <code>filter*(...)</code>
jorn.bettin	Nov 19, 2011	728	1. preparation for an equivalence class test based on semantic roles 2. further
jorn.bettin	Nov 19, 2011	727	simplification of kernel implementation

jorn.bettin	Nov 19, 2011	726	simplification of kernel implementation
jorn.bettin	Nov 19, 2011	725	simplification of kernel implementation
jorn.bettin	Nov 19, 2011	724	simplification of kernel implementation
jorn.bettin	Nov 19, 2011	723	simplification of kernel implementation
jorn.bettin	Nov 19, 2011	722	simplification of kernel implementation
jorn.bettin	Nov 19, 2011	721	simplification of kernel implementation
jorn.bettin	Nov 19, 2011	720	simplification of kernel implementation
jorn.bettin	Nov 19, 2011	719	simplification of kernel implementation
jorn.bettin	Nov 19, 2011	718	simplification of kernel implementation
jorn.bettin	Nov 19, 2011	717	simplification of kernel implementation

jorn.bettin	Nov 19, 2011	716	simplification of kernel implementation
jorn.bettin	Nov 19, 2011	715	simplification of Graph implementation
jorn.bettin	Nov 18, 2011	714	added powerful in-memory queries and filters to OrderedSet and Graph that can be
jorn.bettin	Nov 18, 2011	713	added queries to OrderedSet that emulate Graph functionality and added Set testP
jorn.bettin	Nov 18, 2011	712	removed Set deserialisationPrerequisites(final Set set) to the Reconstitution AP
jorn.bettin	Nov 18, 2011	711	Added Set deserialisationPrerequisites(final Set set) to the Reconstitution API.
jorn.bettin	Nov 18, 2011	710	improvements of toString() operation
jorn.bettin	Nov 17, 2011	709	added visualRecognitionText(), fullVisualRecognitionText, localVisualRecognition
a.shewring@gmail.com	Nov 16, 2011	708	Made some corrections to manifests
a.shewring@gmail.com	Nov 16, 2011	707	Improved test

a.shewring@gmail.com	Nov 16, 2011	706	SVN:ignore
a.shewring@gmail.com	Nov 16, 2011	705	First version of JUnit integration for instantiation scripts (issue 31)
jorn.bettin	Nov 16, 2011	704	added simple access to run time errors via api
jorn.bettin@gmail.com	Nov 16, 2011	703	Edited wiki page IssueTrackingLifecycle through web user interface.
jorn.bettin	Nov 16, 2011	702	extended the scope of set algebra from ordered sets to graphs. Now functionality
jorn.bettin	Nov 16, 2011	701	renaming and adding iq logic to graphs and ordered sets
jorn.bettin	Nov 16, 2011	700	Added the operation Set findSet(final String uniqueRepresentationReference) to
jorn.bettin	Nov 15, 2011	699	further IQ-Logic tests to show that the logic is accessible from all languages a
jorn.bettin	Nov 15, 2011	698	minor refactorings and added extensive IQ-Logic tests.
jorn.bettin	Nov 14, 2011	697	added conversion to Java boolean

jorn.bettin	Nov 14, 2011	696	added TODOs
jorn.bettin	Nov 14, 2011	695	modularisation of API complete
jorn.bettin	Nov 14, 2011	694	modularisation of API
jorn.bettin	Nov 14, 2011	693	modularisation of core

jorn.bettin	Nov 14, 2011	692	modularisation of core
jorn.bettin	Nov 14, 2011	691	Expose IQ-Logic and Set Algebra in the API in a modular format
jorn.bettin	Nov 14, 2011	690	added minimum(orderedSet) and minimum(orderedSet) operations to IQ-Logic, which
jorn.bettin	Nov 14, 2011	689	added isInformation(set) and isQuality(set) operations to IQ-Logic. It is now tr
jorn.bettin	Nov 14, 2011	688	Full implementation of IQ-Logic, next step is exposing this logic as part of the
jorn.bettin	Nov 14, 2011	687	Modularisation of Facade into the different mathematical groups of functions

jorn.bettin	Nov 14, 2011	686	Modularisation of Facade into the different mathematical groups of functions
jorn.bettin	Nov 13, 2011	685	reenabled oAW tests to run.
jorn.bettin	Nov 13, 2011	684	fixed defect in decommission() operation that prevented dependencies from links
jorn.bettin	Nov 13, 2011	683	append referential integrity checks on decommission, to ensure that only instanc
jorn.bettin	Nov 13, 2011	682	fixed comparison in InstanceGetter class in serializer code.
jorn.bettin	Nov 13, 2011	681	replaced references to G.coreSets outside the core with references to correspond
jorn.bettin	Nov 12, 2011	680	add referential integrity check that prevent semantic identities to be decommiss
a.shewring@gmail.com	Nov 12, 2011	679	Edited wiki page IssueTrackingLifecycle through web user interface.
a.shewring@gmail.com	Nov 12, 2011	678	Edited wiki page IssueTrackingLifecycle through web user interface.
a.shewring@gmail.com	Nov 12, 2011	677	Edited wiki page IssueTrackingLifecycle through web user interface.

jorn.bettin@gmail.com	Nov 12, 2011	676	Created wiki page through web user interface.
jorn.bettin	Nov 12, 2011	675	cleaned up the Gmodel Semantic Domain.
a.shewring@gmail.com	Nov 12, 2011	674	Automatic committing
a.shewring@gmail.com	Nov 12, 2011	673	Added TODOs.
a.shewring@gmail.com	Nov 12, 2011	672	Issue 2: rudimentary first implementation
jorn.bettin	Nov 12, 2011	671	added referential integrity checks to decommission() operation. The operation ei
jorn.bettin	Nov 3, 2011	670	all EdgeEnds now have the same container as the first connected vertex of the ed
ckim001@gmail.com	Nov 1, 2011	669	no longer required to add a listener
ckim001@gmail.com	Nov 1, 2011	668	no longer required to remove a listener
ckim001@gmail.com	Nov 1, 2011	667	no longer required to remove a listener

ckim001@gmail.com	Nov 1, 2011	666	corrected logging
ckim001@gmail.com	Nov 1, 2011	665	tree update is done before closing the link creatio form
ckim001@gmail.com	Nov 1, 2011	664	old visibility feature is disabled as it is no longer required
ckim001@gmail.com	Nov 1, 2011	663	checks if the container is null
ckim001@gmail.com	Nov 1, 2011	662	logging turned off
ckim001@gmail.com	Nov 1, 2011	661	added login messages
jorn.bettin	Oct 31, 2011	660	modified test sequence and icon upload component to comply with graphVisualizati
ckim001@gmail.com	Oct 30, 2011	659	limit added
ckim001@gmail.com	Oct 30, 2011	658	unnecessary libs removed
a.shewring@gmail.com	Oct 30, 2011	657	Progress on issue 7

a.shewring@gmail.com	Oct 30, 2011	656	Slight improvement to the usage of space in the containment tree
a.shewring@gmail.com	Oct 29, 2011	655	Rollback now works
a.shewring@gmail.com	Oct 29, 2011	654	Added tooltips
a.shewring@gmail.com	Oct 29, 2011	653	Set port so that it does not conflict with Tomcat. Created rollback button. Need
jorn.bettin	Oct 25, 2011	652	Added Set Maintenance Event handling to the kernel. Now every instance (or Java
jorn.bettin	Oct 24, 2011	651	remove redundant code
jorn.bettin	Oct 24, 2011	650	remove redundant code
jorn.bettin	Oct 24, 2011	649	Added change tracking of variables, values, commands, and queries.

ckim001@gmail.com	Aug 5, 2011	512	Removed redundant code

ckim001@gmail.com	Aug 5, 2011	511	Added more visible properties
ckim001@gmail.com	Aug 5, 2011	510	Edges's target instance is set right
ckim001@gmail.com	Aug 5, 2011	509	Edge details table now shows target and source instances and their cardinality i
ckim001@gmail.com	Aug 3, 2011	508	The meta element of an edge is properly displayed
ckim001@gmail.com	Aug 3, 2011	507	UUID of meta element is fetched
ckim001@gmail.com	Aug 3, 2011	506	When an edge instance is selected, select its container instance from the contai
ckim001@gmail.com	Aug 3, 2011	505	Changed the initial text of the status label
ckim001@gmail.com	Aug 3, 2011	504	Constant values are expressed with enum values
ckim001@gmail.com	Aug 3, 2011	503	Edges are included as part of search
ckim001@gmail.com	Jul 29, 2011	502	Added the setters for name and plural name.
ckim001@gmail.com	Jul 29, 2011	501	Ensure that Gmodel kernel is initialized only once
ckim001@gmail.com	Jul 29, 2011	500	Modified the way how the repository client server is called

ckim001@gmail.com	Jul 29, 2011	499	star and stop methods are no longer static
ckim001@gmail.com	Jul 29, 2011	498	The repository client is only started when it is not running vice versa
ckim001@gmail.com	Jul 29, 2011	497	Preference page is no longer required as the visualization widget does not reply
ckim001@gmail.com	Jul 29, 2011	496	auto-reconnect removed due to possible side effects
ckim001@gmail.com	Jul 29, 2011	495	Reformatted
ckim001@gmail.com	Jul 29, 2011	494	Initial pool size changed
ckim001@gmail.com	Jul 29, 2011	493	Connect string changed to enable auto-reconnect after a long break

ckim001@gmail.com	Jul 28, 2011	492	Instance creation is now done by a Gmodel client not the repository client/conne
ckim001@gmail.com	Jul 28, 2011	491	Removed a redundant check for the status of the innershell
ckim001@gmail.com	Jul 28, 2011	490	Removed redundant code

ckim001@gmail.com	Jul 28, 2011	489	Removed redundant code
ckim001@gmail.com	Jul 28, 2011	488	Recreate Gmodel instances based on the content of a returned artifact container
ckim001@gmail.com	Jul 28, 2011	487	When there is no content to send an empty container is sent back
ckim001@gmail.com	Jul 28, 2011	486	both repository client and repository connector are no longer involved in recrea
ckim001@gmail.com	Jul 28, 2011	485	Added a method to recreate Gmodel instances from a given artifact container
ckim001@gmail.com	Jul 28, 2011	484	Added a method to takes a map of serialized artifacts and recreate Gmodel instan
ckim001@gmail.com	Jul 28, 2011	483	Artifact content instance to Gmodel instance mapper
ckim001@gmail.com	Jul 28, 2011	482	The innershell initialization is removed as it is redundant
ckim001@gmail.com	Jul 28, 2011	481	When the repository client starts if G.semanticDomainIsInitialized() is false t
ckim001@gmail.com	Jul 28, 2011	480	A comment added
ckim001@gmail.com	Jul 28, 2011	479	artefact container variable and argument names changed
ckim001@gmail.com	Jul 28, 2011	478	containment tree retrieval method signatures changed
ckim001@gmail.com	Jul 28, 2011	477	For Containment Tree retrieval requests, returned instances are to be recreate i

ckim001@gmail.com	Jul 27, 2011	476	Admin tab is added
ckim001@gmail.com	Jul 27, 2011	475	start and termination method can throw exceptions
ckim001@gmail.com	Jul 26, 2011	474	added commons-io library
ckim001@gmail.com	Jul 26, 2011	473	new admin icon
ckim001@gmail.com	Jul 26, 2011	472	Added: enum value for ADMIN
ckim001@gmail.com	Jul 26, 2011	471	No need to initialize the innershell
ckim001@gmail.com	Jul 26, 2011	470	Re-formatted member variables
ckim001@gmail.com	Jul 26, 2011	469	start and termination exceptions are logged
ckim001@gmail.com	Jul 26, 2011	468	Updated the commons-io library
ckim001@gmail.com	Jul 25, 2011	467	Repository client server is started only if it is not currently running
ckim001@gmail.com	Jul 25, 2011	466	setServerStatus method is synchronized
ckim001@gmail.com	Jul 25, 2011	465	Repository client server is started only if it is not currently running
ckim001@gmail.com	Jul 25, 2011	464	start and stop methods are synchronized

ckim001@gmail.com	Jul 25, 2011	463	Added a method to fetch the status of a repository client server
ckim001@gmail.com	Jul 25, 2011	462	Added property name constants
ckim001@gmail.com	Jul 25, 2011	461	When a search request is prompted the search tab is selected
ckim001@gmail.com	Jul 25, 2011	460	Console and results panel dimensions re-adjusted
ckim001@gmail.com	Jul 25, 2011	459	Table width and default column header value constants are added
ckim001@gmail.com	Jul 25, 2011	458	Added column name constants
ckim001@gmail.com	Jul 25, 2011	457	Edge creation form is given width and height values
ckim001@gmail.com	Jul 25, 2011	456	Impact analysis results are updated
ckim001@gmail.com	Jul 25, 2011	455	PropertyChangeSupport is initialized before the UI initialization
ckim001@gmail.com	Jul 25, 2011	454	License block added
ckim001@gmail.com	Jul 25, 2011	453	Re-styled
ckim001@gmail.com	Jul 25, 2011	452	Re-styled
ckim001@gmail.com	Jul 25, 2011	451	Added a new configurable value: START_PROMPT

ckim001@gmail.com	Jul 25, 2011	450	re-styled
ckim001@gmail.com	Jul 25, 2011	449	start and stop methods are added
ckim001@gmail.com	Jul 25, 2011	448	When a repository client server is running, a message is printed
ckim001@gmail.com	Jul 25, 2011	447	isLocallyAvailable method is renamed to isLocallyDeployed
ckim001@gmail.com	Jul 25, 2011	446	Virtual Host and user name and password values are used in creating a connection
ckim001@gmail.com	Jul 25, 2011	445	Virtual Host and user name and password values are used in creating a connection
ckim001@gmail.com	Jul 25, 2011	444	Either repository client itself or connector is fetched according the deployment
ckim001@gmail.com	Jul 25, 2011	443	Configurables values for vhost name, user, pw and deployment setting are added
ckim001@gmail.com	Jul 25, 2011	442	Dependent UUID query 's column name is changed from UUID to URR
ckim001@gmail.com	Jul 20, 2011	441	All sub components are cleared when the result page is re-rendered.
ckim001@gmail.com	Jul 20, 2011	440	Connection objects is returned after use
ckim001@gmail.com	Jul 20, 2011	439	StyledLabels are used
ckim001@gmail.com	Jul 20, 2011	438	the caption property is set by the ctor

ckim001@gmail.com	Jul 20, 2011	437	Styled label component
ckim001@gmail.com	Jul 20, 2011	436	Tabs are now closable
ckim001@gmail.com	Jul 20, 2011	435	createPagecar method takes a list of dependent instances
ckim001@gmail.com	Jul 20, 2011	434	Wait icon is displayed during impact analysis
ckim001@gmail.com	Jul 19, 2011	433	Impact analysis request is made when the impact analysis form is loading

ckim001@gmail.com	Jun 27, 2011	266	Link model data for visibility and superset links
ckim001@gmail.com	Jun 27, 2011	265	Form for visibilities and superset references is added
ckim001@gmail.com	Jun 27, 2011	264	Added Link creation window (UI for creating links Visibilities/Superset referenc
ckim001@gmail.com	Jun 27, 2011	263	Deleted LinkCreationForm
ckim001@gmail.com	Jun 27, 2011	262	Handles visibility addition action
ckim001@gmail.com	Jun 27, 2011	261	Form for creating visibility/superset reference links
ckim001@gmail.com	Jun 27, 2011	260	Superset references are displayed in the details tab
ckim001@gmail.com	Jun 27, 2011	259	Resorted class methods
ckim001@gmail.com	Jun 27, 2011	258	Removed a redundant title label
ckim001@gmail.com	Jun 27, 2011	257	Added an error message console

ckim001@gmail.com	Jun 27, 2011	256	EdgeDetailsData renamed and the name field is no longer displayed
ckim001@gmail.com	Jun 27, 2011	255	Removed due to svn inconsistencies
ckim001@gmail.com	Jun 27, 2011	254	EdgeDetailsData renamed to LinkDetailsData Visibilities are shown in the details
a.shewring@gmail.com	Jun 26, 2011	253	Deletions and svn:ignore for pom.xml files
ckim001@gmail.com	Jun 25, 2011	252	License block added
ckim001@gmail.com	Jun 25, 2011	251	Visibility edges are displayed in the details tab
ckim001@gmail.com	Jun 25, 2011	250	Redundant class removed
ckim001@gmail.com	Jun 25, 2011	249	Visibility edges are displayed in the details tab
ckim001@gmail.com	Jun 24, 2011	248	Classpath and MANIFEST.MF updated as CustomField library is moved to WEB-INF/lib
ckim001@gmail.com	Jun 24, 2011	247	Classpath updated as CustomField library is moved to WEB-INF/lib

ckim001@gmail.com	Jun 24, 2011	246	CustomField library is moved to WEB-INF/lib
ckim001@gmail.com	Jun 24, 2011	245	CustomField library is moved to WEB-INF/lib
ckim001@gmail.com	Jun 24, 2011	244	Removed Vaadin customfield library
ckim001@gmail.com	Jun 24, 2011	243	Added CutomField Library to the classpath
ckim001@gmail.com	Jun 24, 2011	242	Caption for the list field is created from property id
ckim001@gmail.com	Jun 24, 2011	241	Custom field is used for handling a list field
ckim001@gmail.com	Jun 24, 2011	240	Details data returns list fiend ids
ckim001@gmail.com	Jun 24, 2011	239	Custom field for handling a list field
ckim001@gmail.com	Jun 24, 2011	238	getters for visibilities and superset references
ckim001@gmail.com	Jun 24, 2011	237	Vaadin custom field library

ckim001@gmail.com	Jun 24, 2011	236	Added edge name details to the instance details class
ckim001@gmail.com	Jun 24, 2011	235	Reordered fields
ckim001@gmail.com	Jun 24, 2011	234	Added icons for visibility and superset reference creation
ckim001@gmail.com	Jun 24, 2011	233	Added actions for visibility and superset reference creation
ckim001@gmail.com	Jun 24, 2011	232	Icons for visibilities and superset references
ckim001@gmail.com	Jun 24, 2011	231	Added dependency: org.gmodel.semanticextensions
ckim001@gmail.com	Jun 24, 2011	230	bootstrapping by script method is added
a.shewring@gmail.com	Jun 23, 2011	229	Added new projects: org.gmodel.repository.client.mediator and org.gmodel.reposit
a.shewring@gmail.com	Jun 23, 2011	228	Removed org.gmodel.connector.mediator and org.gmodel.connector.repository projec
ckim001@gmail.com	Jun 23, 2011	227	All dependencies removed

ckim001@gmail.com	Jun 23, 2011	226	All dependencies removed
ckim001@gmail.com	Jun 23, 2011	225	org.gmodel.repository dependency is not required
ckim001@gmail.com	Jun 23, 2011	224	org.gmodel.common dependency is required
ckim001@gmail.com	Jun 23, 2011	223	org.gmodel.common dependency is no longer required
ckim001@gmail.com	Jun 23, 2011	222	org.gmodel.common is no longer required
ckim001@gmail.com	Jun 23, 2011	221	Removed unnecessary references to org.gmodel.repository
ckim001@gmail.com	Jun 23, 2011	220	G.commitChangedSets() is not called at the end of coordinates persistence
ckim001@gmail.com	Jun 23, 2011	219	Removed unnecessary comment lines
ckim001@gmail.com	Jun 23, 2011	218	Connector code is not required here and ProtocolType enum is moved to org.gmodel
ckim001@gmail.com	Jun 23, 2011	217	Repository connector belongs to org.gmodel.repository now

ckim001@gmail.com	Jun 23, 2011	216	Test removed as its dependent class has been removed
ckim001@gmail.com	Jun 23, 2011	215	Mediator is no longer required here
ckim001@gmail.com	Jun 23, 2011	214	Client code updated to make use of the artefact based methods only
ckim001@gmail.com	Jun 23, 2011	213	Required lib and exported packages updated
ckim001@gmail.com	Jun 23, 2011	212	All repository interface methods are artefact based
ckim001@gmail.com	Jun 23, 2011	211	Reference to org.gmodel.connector.mediator is removed
ckim001@gmail.com	Jun 23, 2011	210	All repository client interface calls are artefact based
ckim001@gmail.com	Jun 23, 2011	209	classpath updated: org.gmodel.common added
ckim001@gmail.com	Jun 23, 2011	208	ProtocolType is moved to org.gmodel.serialization
a.shewring@gmail.com	Jun 22, 2011	207	Added generation of DOT files to the build

a.shewring@gmail.com	Jun 22, 2011	206	Now generating 3 DOT files during the dependency-graphs action
a.shewring@gmail.com	Jun 22, 2011	205	Dot file now being written
ckim001@gmail.com	Jun 22, 2011	204	Removed a redundant comment block
ckim001@gmail.com	Jun 22, 2011	203	Re-sorted members
ckim001@gmail.com	Jun 22, 2011	202	Added methods to do a SearchResultType list to a SearchReult list mapping
a.shewring@gmail.com	Jun 22, 2011	201	Start of dependency-graph generation custom action
ckim001@gmail.com	Jun 21, 2011	200	Added a methods to map a content list to a string list
ckim001@gmail.com	Jun 21, 2011	199	Added additional serialization types
ckim001@gmail.com	Jun 21, 2011	198	Methods to map one serialization type to another
ckim001@gmail.com	Jun 21, 2011	197	Configurable values for the repository access component

ckim001@gmail.com	Jun 21, 2011	196	Configurable values for the repository access component
jorn.bettin	Jun 21, 2011	195	fixed commitChangedSets() and rollbackChangedSets(), and modified TestSequence()
ckim001@gmail.com	Jun 20, 2011	194	Code reformatted
ckim001@gmail.com	Jun 20, 2011	193	Added a lib for RabbitMQ

7

ckim001@gmail.com	Jun 20, 2011	192	Added a lib for RabbitMQ
ckim001@gmail.com	Jun 20, 2011	191	Added a lib for RabbitMQ
ckim001@gmail.com	Jun 20, 2011	190	Only repository client is handled.
ckim001@gmail.com	Jun 20, 2011	189	Repository client interface comments added
ckim001@gmail.com	Jun 20, 2011	188	Removed redundant lines

ckim001@gmail.com	Jun 20, 2011	187	Corrected comment
ckim001@gmail.com	Jun 20, 2011	186	Created mediator and connector packages
ckim001@gmail.com	Jun 20, 2011	185	Removed a redundant class
ckim001@gmail.com	Jun 20, 2011	184	Search code updated to utilize mediator and connector
ckim001@gmail.com	Jun 17, 2011	183	Corrected a typo
ckim001@gmail.com	Jun 17, 2011	182	Mediator and connector packages are exported
ckim001@gmail.com	Jun 17, 2011	181	Comment added
ckim001@gmail.com	Jun 17, 2011	180	Concrete repo client class name is taken from the config file
ckim001@gmail.com	Jun 17, 2011	179	Corrected a typo
ckim001@gmail.com	Jun 17, 2011	178	Either get/put method is chosen according to the content type of a given artifact

ckim001@gmail.com	Jun 17, 2011	177	Client code is updated to make use of the get method
ckim001@gmail.com	Jun 17, 2011	176	Host name and port number are fetched from a config file
ckim001@gmail.com	Jun 17, 2011	175	Removed a redundant comment line
ckim001@gmail.com	Jun 17, 2011	174	Client code is updated to make use of the mediator
ckim001@gmail.com	Jun 17, 2011	173	Client code is updated to make use of the mediator
ckim001@gmail.com	Jun 17, 2011	172	Added: mediator and connector for the repository client
ckim001@gmail.com	Jun 17, 2011	171	Updated the classpath file to add references to the newly added library files
ckim001@gmail.com	Jun 17, 2011	170	libraries required by RabbitMQ client
ckim001@gmail.com	Jun 17, 2011	169	resorted class members
ckim001@gmail.com	Jun 17, 2011	168	Added: method to serialize an artifact container

ckim001@gmail.com	Jun 16, 2011	167	Added a license block
ckim001@gmail.com	Jun 16, 2011	166	Method modifiers reverted
ckim001@gmail.com	Jun 16, 2011	165	Object factory holder is used to fetch an instance of Object Factory
ckim001@gmail.com	Jun 16, 2011	164	Object factory holder is used to fetch an instance of Object Factory
ckim001@gmail.com	Jun 16, 2011	163	Object factory holder is used to fetch an instance of Object Factory
ckim001@gmail.com	Jun 16, 2011	162	Object factory holder
ckim001@gmail.com	Jun 16, 2011	161	Updated to work with the new search result container object
ckim001@gmail.com	Jun 16, 2011	160	Removed redundant serialization classes for search results
ckim001@gmail.com	Jun 16, 2011	159	Removed redundant serialization classes for search results
ckim001@gmail.com	Jun 16, 2011	158	UI consumers are updated as all search requests and responses are packaged in a

ckim001@gmail.com	Jun 16, 2011	157	All search requests and responses are packaged in a container
ckim001@gmail.com	Jun 16, 2011	156	All search requests and responses are packaged in a container
ckim001@gmail.com	Jun 16, 2011	155	All search requests and responses are packaged in a container
ckim001@gmail.com	Jun 16, 2011	154	All search requests and responses are packaged in a container
ckim001@gmail.com	Jun 16, 2011	153	License block repositioned
ckim001@gmail.com	Jun 16, 2011	152	seperate search result schema is not required
ckim001@gmail.com	Jun 16, 2011	151	Updated the container schema so that it can take search results as payload
a.shewring@gmail.com	Jun 15, 2011	150	Activator is not required
ckim001@gmail.com	Jun 15, 2011	149	Updated search result serialization classes
ckim001@gmail.com	Jun 15, 2011	148	updated search result schema to have instance, meta instance, container identiti

ckim001@gmail.com	Jun 15, 2011	147	org.gmodel.serialization.searchresult is exported
ckim001@gmail.com	Jun 15, 2011	146	Redundant enum for serialization types removed
ckim001@gmail.com	Jun 15, 2011	145	Serialization type enum added
ckim001@gmail.com	Jun 15, 2011	144	Serialization type enum added
a.shewring@gmail.com	Jun 15, 2011	143	Removed unnecessary RB directive
ckim001@gmail.com	Jun 14, 2011	142	Artefact based get and put methods have been added to the Repository client inte
ckim001@gmail.com	Jun 14, 2011	141	type parameter is added
ckim001@gmail.com	Jun 14, 2011	140	Removed as it is renamed
ckim001@gmail.com	Jun 14, 2011	139	Removed a redundant constant
ckim001@gmail.com	Jun 14, 2011	138	Added license blocks

ckim001@gmail.com	Jun 14, 2011	137	Mediator passes back a connector
ckim001@gmail.com	Jun 14, 2011	136	Renamed to RepositoryClientMediator
ckim001@gmail.com	Jun 14, 2011	135	Added: repository client mediator
ckim001@gmail.com	Jun 14, 2011	134	Generic mediator method is not required.
ckim001@gmail.com	Jun 14, 2011	133	When a given protocol handling class is available then return it or try to use a
ckim001@gmail.com	Jun 14, 2011	132	Protocol types can be mapped to class names
ckim001@gmail.com	Jun 14, 2011	131	Mediator package is created
a.shewring@gmail.com	Jun 14, 2011	130	Deleted sources which had been moved to org.gmodel.common
a.shewring@gmail.com	Jun 13, 2011	129	Added org.gmodel.common project to break org.gmodel.connector's direct dependenc
a.shewring@gmail.com	Jun 13, 2011	128	Deleted unused Eclipse projects

a.shewring@gmail.com	Jun 13, 2011	127	Removed unnecessary dependencies in manifests
ckim001@gmail.com	Jun 10, 2011	126	manifest file updated to point to the added library
ckim001@gmail.com	Jun 10, 2011	125	classpath updated
ckim001@gmail.com	Jun 10, 2011	124	library added for doing byte[] to Byte[] conversion
ckim001@gmail.com	Jun 10, 2011	123	Encoding/decoding relies on the Gmodel instance serializer
ckim001@gmail.com	Jun 10, 2011	122	Removed: serialization related library is redundant here
ckim001@gmail.com	Jun 10, 2011	121	class path set for org.gmodel.serialization
ckim001@gmail.com	Jun 10, 2011	120	org.gmodel.serialization is required for content serialization
ckim001@gmail.com	Jun 10, 2011	119	Serializer can handle Base64 decoding and encoding
ckim001@gmail.com	Jun 10, 2011	118	classpath updated

ckim001@gmail.com	Jun 10, 2011	117	required library for Base64 encoding
ckim001@gmail.com	Jun 10, 2011	116	License block added
ckim001@gmail.com	Jun 10, 2011	115	Image upload control and a file receiver class added
ckim001@gmail.com	Jun 10, 2011	114	Outdated kernel initialization code removed
ckim001@gmail.com	Jun 10, 2011	113	Extra protocol types added
ckim001@gmail.com	Jun 10, 2011	112	classpath updated to include Vaadin dependencies
a.shewring@gmail.com	Jun 10, 2011	111	Call update before calling Tycho build
a.shewring@gmail.com	Jun 10, 2011	110	Added license headers. Improved Eclipse metadata for org.gmodel.editor.semanticd
ckim001@gmail.com	Jun 9, 2011	109	Removed a reference to a deleted class
ckim001@gmail.com	Jun 9, 2011	108	client repo is added to the required projects
ckim001@gmail.com	Jun 9, 2011	107	client repo is added to the required projects

jorn.bettin	Jun 9, 2011	106	removal of dependencies from non-kernel code on org.gmodel.innershell,G, and pro
ckim001@gmail.com	Jun 9, 2011	105	org.gmodel.repository.client is added to the required projects
ckim001@gmail.com	Jun 9, 2011	104	The initialization flag is not required.
ckim001@gmail.com	Jun 9, 2011	103	Make use of the repository client rather than accessing the connector directly
ckim001@gmail.com	Jun 9, 2011	102	Vaddin integration settings added
a.shewring@gmail.com	Jun 8, 2011	101	List of filenames are now sorted
a.shewring@gmail.com	Jun 8, 2011	100	Added custom action for license checking
ckim001@gmail.com	Jun 3, 2011	99	Root instance itself is excluded from a dependent instance list
ckim001@gmail.com	Jun 3, 2011	98	Procesure name changed
ckim001@gmail.com	Jun 3, 2011	97	Code reordered and a method to terminate launchers is added
ckim001@gmail.com	Jun 3, 2011	96	A method to fetch a list of dependent instance UUIDs has been added
ckim001@gmail.com	Jun 3, 2011	95	Store method is set to a blocking mode
ckim001@gmail.com	Jun 3, 2011	94	Store method is set to a non-blocking mode

ckim001@gmail.com	Jun 1, 2011	93	Updated class and build paths
ckim001@gmail.com	Jun 1, 2011	92	Remote interface to access the repository client services via RabbitMQ
ckim001@gmail.com	Jun 1, 2011	91	Dependent libraries for jetlang and rabbitmq
ckim001@gmail.com	May 30, 2011	90	UUID fields have been replaced by string fields
ckim001@gmail.com	May 30, 2011	89	Repository initialization is done during the containment widget start-up
a.shewring@gmail.com	May 29, 2011	88	Now when running a build, module names can be filtered using a regular expression
ckim001@gmail.com	May 27, 2011	87	Removed unnecessary constant
ckim001@gmail.com	May 27, 2011	86	Removed unnecessary commented lines
ckim001@gmail.com	May 27, 2011	85	License block is added
ckim001@gmail.com	May 27, 2011	84	License block is added

ckim001@gmail.com	May 27, 2011	83	License block is added
ckim001@gmail.com	May 27, 2011	82	store statements are committed
ckim001@gmail.com	May 27, 2011	81	Consumer components have been updated to deal with the new mechanism to serializ
ckim001@gmail.com	May 27, 2011	80	Repository client is updated to the new mechanism to serialize the object pool
ckim001@gmail.com	May 27, 2011	79	Object pool is updated to deal with the new object pool artifact and a new mecha
ckim001@gmail.com	May 27, 2011	78	Object pool artifact's metatype is set to be a Gmodel identifier
ckim001@gmail.com	May 26, 2011	77	Metatype is to be a Gmodel instance
ckim001@gmail.com	May 26, 2011	76	public List<UUID> getModifiedArtifactKeys() method is dropped as the changeset s
ckim001@gmail.com	May 26, 2011	75	public List<UUID> getModifiedArtifactKeys() method is dropped as the changeset s
ckim001@gmail.com	May 25, 2011	74	Template updated to replace artifact() with container()

ckim001@gmail.com	May 25, 2011	73	Removed an empty line
ckim001@gmail.com	May 25, 2011	72	String to UUID transformer for collection
a.shewring@gmail.com	May 24, 2011	71	Corrected .project and .classpath
a.shewring@gmail.com	May 24, 2011	70	Corrected .classpath and .project files
a.shewring@gmail.com	May 24, 2011	69	Updating to new version of sbt-tycho
ckim001@gmail.com	May 23, 2011	68	assignNewPayload is used instead of setPayload for updating coordinates
ckim001@gmail.com	May 23, 2011	67	Changeset is committed after it is saved
jorn.bettin	May 23, 2011	66	Fix to commitChangedSets() and rollbackChangedSets(). Only SemanticIdentities ca
ckim001@gmail.com	May 23, 2011	65	renaming of meteElement to category
a.shewring@gmail.com	May 23, 2011	64	Useful script which reinstalls plugins before running the build

a.shewring@gmail.com	May 22, 2011	63	Cleanup. Added minimalistic project definition
a.shewring@gmail.com	May 22, 2011	62	Remove package
a.shewring@gmail.com	May 22, 2011	61	The "org.gmodel.editor.semanticdomain" project is now included in the build
a.shewring@gmail.com	May 22, 2011	60	Deleted empty package
a.shewring@gmail.com	May 22, 2011	59	Progress towards incorporating org.gmodel.editor.semanticdomain.* projects into
a.shewring@gmail.com	May 22, 2011	58	Added RB and IP directives to manifest
a.shewring@gmail.com	May 22, 2011	57	Improved test. Implemented all new methods on OrderedSetDecorator correctly.
jorn.bettin	May 22, 2011	56	renaming of of metaArtifact() to category() and artifact() to container() - furt
jorn.bettin	May 22, 2011	55	renaming of of metaArtifact() to category() and artifact() to container()
jorn.bettin	May 22, 2011	54	renaming of Strings in oAW tests. TODO: All Strings must be removed from non-ker

jorn.bettin	May 22, 2011	53	added MPL1.1. headers
jorn.bettin	May 22, 2011	52	Implemented overdue renamings: 1. metaArtifact() --> category() 2. artifact() --
jorn.bettin	May 22, 2011	51	assignNewName(), assignNewPluralName(), commitNewName(), commitNewPluralName(),
jorn.bettin	May 21, 2011	50	1. Extended changedSets functionality with hasNewPayload() and hasDecommissioned
ckim001@gmail.com	May 20, 2011	49	Corrected the signature of "get" method
ckim001@gmail.com	May 20, 2011	48	Removed redundant space in a string
ckim001@gmail.com	May 20, 2011	47	Removed redundant code
ckim001@gmail.com	May 20, 2011	46	Change the signature of "get" method
ckim001@gmail.com	May 20, 2011	45	Removed redundant code
ckim001@gmail.com	May 20, 2011	44	Methods have been re-ordered

ckim001@gmail.com	May 20, 2011	43	Removed a redundant method
ckim001@gmail.com	May 19, 2011	42	Resolve the coord persistence exception due to incorrect handling of "," in upda
ckim001@gmail.com	May 19, 2011	41	used JDBC commit call rather sending an explicit commit command
ckim001@gmail.com	May 19, 2011	40	transaction command is explicitly sent before executing all statements
ckim001@gmail.com	May 19, 2011	39	transaction command is explicitly sent before executing all statements
ckim001@gmail.com	May 19, 2011	38	Removed redundant code
ckim001@gmail.com	May 19, 2011	37	Default dump location is set to the location of Eclipse instance
ckim001@gmail.com	May 19, 2011	36	Serialized content dumping is disabled
ckim001@gmail.com	May 19, 2011	35	Containment treeviewer status is not updated after retrieval
ckim001@gmail.com	May 19, 2011	34	Containment treeviewer status is updated after retrieval

ckim001@gmail.com	May 19, 2011	33	Modified to work with the new basic search results
ckim001@gmail.com	May 19, 2011	32	Modified query batching
ckim001@gmail.com	May 17, 2011	31	Statement batch manager is used to execute statements in a set of batches
ckim001@gmail.com	May 17, 2011	30	demo access details added
ckim001@gmail.com	May 17, 2011	29	demo access details added
ckim001@gmail.com	May 17, 2011	28	updated mysql ddl
a.shewring@gmail.com	May 17, 2011	27	Added build script for convenient use in a Windows environment
a.shewring@gmail.com	May 16, 2011	26	Added information on Hudson setup
ckim001@gmail.com	May 16, 2011	25	Externalized a default connection string
ckim001@gmail.com	May 16, 2011	24	Visualization widget is updated to work with the repository client

ckim001@gmail.com	May 16, 2011	23	Containment tree widget is updated to work with the repository client
ckim001@gmail.com	May 16, 2011	22	Simple timer for keeping performance stats
ckim001@gmail.com	May 16, 2011	21	Updated serialization methods to work with the new graph encoding schema
ckim001@gmail.com	May 16, 2011	20	Fresh import of the repository client
ckim001@gmail.com	May 16, 2011	19	Fresh import of the repository client
ckim001@gmail.com	May 16, 2011	18	Updated all CRUD and search methods to work with the new graph encoding schema
ckim001@gmail.com	May 16, 2011	17	Added: commons collection library database connection pool mysql connector
ckim001@gmail.com	May 16, 2011	16	Implement a method for fetching a containment tree
ckim001@gmail.com	May 16, 2011	15	Default db2 connector is added
ckim001@gmail.com	May 16, 2011	14	Updated plug-in dependency Added a new abstract methods for fetching a containme

ckim001@gmail.com	May 16, 2011	13	New object pool test
ckim001@gmail.com	May 16, 2011	12	New object pool classes
ckim001@gmail.com	May 16, 2011	11	Updated comments
a.shewring@gmail.com	May 13, 2011	10	Commented out a test
a.shewring@gmail.com	May 13, 2011	9	Deleted project as it contains no unit tests
a.shewring@gmail.com	May 13, 2011	8	Converted class with a main method to a JUnit test
a.shewring@gmail.com	May 12, 2011	7	Added idea repo (should not be required)
a.shewring@gmail.com	May 12, 2011	6	Added Unix start script
a.shewring@gmail.com	May 11, 2011	5	svn:ignores
a.shewring@gmail.com	May 11, 2011	4	Removed pom.xml files and added them to the ignore list

a.shewring@gmail.com	May 11, 2011	3	Added remaining projects
a.shewring@gmail.com	May 11, 2011	2	Committing a subset of projects
	Mar 16, 2010	1	Initial directory structure.
